

Magdalena (Magda) Punty is the Administrative and Program Coordinator for the Eos Foundation. Magda joined Eos in 2014. She supports both business and program operations for the foundation, including coordinating events, grant processing, and general communications. Magda also plays a key role in research, data analysis, and editing for Eos Initiatives.

Magda comes to the Eos Foundation with a background in business management and operations. She holds a master's degree in Business Management from the University of Warsaw, and an MBA from Suffolk University.

Magda is a proud immigrant who holds dual Polish-American citizenship. She lives in Harwich, Massachusetts with her husband and two sons. When not at the office, you will find Magda in her garden or enjoying photography during nature hikes.
